Flu Shots Donated to Homeless

SCOTTSDALE, ARIZONA- January 2, 2007 – The staff at Parkway Medical Family & Urgent care has reached out to the community by donating flu shots to Health Care for the Homeless. After administering more than 10,000 flu injections to Valley residents, small business and pharmacies the medical office decided to take 100 of the flu vaccines and give them to individuals who may not be able to receive them otherwise.

Healthcare for the Homeless provides an integrated system of health care services to homeless persons living in Maricopa County. Services are provided through an interdisciplinary approach which combines aggressive street outreach, integrated primary care, mental health services, substance abuse services, case management and nutrition services.

“It is important for a community to reach out and help those in need,” states Dr. Martin Blume, Managing Partner of Parkway Medical. “We are delighted to have given the flu vaccines to Healthcare for the Homeless and hope this will prompt others to donate medical supplies and vaccines as well.”
